Share Our Passion...

What would you attempt to do if you knew you could not fail?

We are long time Alaskans who chose to relocate from Fairbanks to our dream ranch in North Idaho. Finding this wonderful 40 acre piece of property was the beginning of another great adventure.

Located on a ridge just 15 minutes from beautiful downtown Coeur d'Alene, Idaho makes for a convenient and pleasant addition to your Idaho adventure or just come and see how a small ranch is run for profit and fun. Suri and Huacaya alpacas are our passion. Breeding alpacas for good conformation, and luxurious fiber of the highest quality is our goal.

The following are benefits of this durable and versatile fiber:

- 22 natural color variations including cream, fawn, browns, grays, and black
- Beautiful dyed colors, colorfast for generations
- Lighter, softer, and warmer than wool
- Non-allergenic
- Naturally flame resistant
- Durable - great for layering

Our small Alpaca Country Store is a great place to purchase a gift or that special sweater or matching hat, gloves, and scarf for you. There is high quality yarn for those who want the finest fiber for your project and roving for those that spin. We have been told that once you use this roving you are spoiled and won't use any other.

We are honored to share our ranch (by appointment) and our alpaca lifestyle with you. Bring your family, group, or club members for an educational and fun experience.

The Coeur d'Alene region has much to offer including a fine array of world cuisine, art galleries, unique shopping opportunities, and a first class resort and spa. Be sure and add the Seven Stars Alpaca Ranch to your must see events. To make an appointment please call us at 208.755.4925.

*See You On The Ranch,
Andy and Sonia*

Directions:

- Take I-90 to Sherman Exit.
